

REMARKS

Prior to examination, Applicant has amended the specification to add proper headings and to correct grammatical errata in order to permit same to be read in idiomatic English. Applicant has also amended the Abstract to remove legal phraseology and reference numerals. Claims 1-4 have been canceled in favor of new Claims 5-8 in an effort to further clarify and distinctly point out that which is regarded as the invention. It is believed that no new matter has been added. Entry of this Amendment is respectfully requested.

If the Examiner wishes to expedite disposition of the above-captioned patent application, he is invited to contact Applicant's representative at the telephone number below.

The Director is hereby authorized to charge any additional fees associated with this communication or credit any overpayment to Deposit Account No. 50-0289.

Respectfully submitted,
